Acknowledgements

The Waste Management Association of Australia (WA) is gratefully acknowledged for assisting in the development of this handbook.

In combination with its own research, Perth Region NRM has adapted specific information from the 'Commercial and Industrial Waste Recycling Directory' (developed by the WMAA's Commercial and Industrial Waste Working Group and funded by the Western Australia's Waste Authority) to create this guide specifically for light industrial businesses.

**This project is supported by the Western
Australian Landfill Levy fund.**
