

## Public Submission Summary

The draft Swan Region Natural Resource Management Strategy to promote the sustainable use and management of natural resources in the Swan Region was released for a six week public comment period on 7 April 2004. Local Government authorities requested and obtained a two week extension.

Ninety submissions were received on the Strategy encompassing over 1500 comments.

The submissions provided strong support for the Strategy with 66 submissions supporting the Strategy. A number of submissions provided specific comments of support, requested specific clarification, or strengthening of the proposed actions.

In response, Targets have been substantially modified to reflect State and Australian Government recommendations and a further 270 changes have been made to the draft in compiling the final version of the Strategy.

An *Analysis of Public Submissions* document has been produced and is available on the Swan Catchment Council's website at [www.swancatchmentcouncil.org](http://www.swancatchmentcouncil.org).
